Projects

Emaily

<https://ua-emaily.herokuapp.com/>

A web application that allows users to collect feedback from participants using email along with web hooks. Built with React, Node.js, Express, and MongoDB with the email services provided by Sendgrid.

Yelp Camp

<https://ua-yelpcamp.herokuapp.com/>

Inspired by Yelp, but used specifically for camping. Developed using Express.js, MongoDB, and Node.js for a dynamic web experience.

Motivational Quotes Generator

<https://uarmagan.github.io/Motivational-Quotes-Generator/>

generates motivational quotes from a JSON object consisting of five thousand quotes and sources using an AJAX call with jQuery.

Experience

Dispatcher and Reservation Specialist at Flash Limousine & Bus,
May 2014–Current

Logged reservations and established organizational methods in the workplace to streamline daily directive to drivers.

Coordinated large fleets and minimized delays by utilizing strict time management skills, resulting in positive customer satisfaction 3 years running.

Developed business to business relationships through cold calling and a compelling presentation of company performance, allowing our affiliate partners list to grow by 35% in 2016.

Education

Northeastern Illinois University

Bachelors in Computer Science (pending) August 2016- May 2018
